

# AKSHAY TAMBE

☎ 7057889704   ✉ akshaytambeb@gmail.com   📍 Pune, Maharashtra

MCA graduate with expertise in Java, Spring Boot, Python, MySQL, Oracle SQL, HTML, CSS, and React.js. Seeking an entry-level role in software or web development. Skilled in problem-solving, OOP, and dynamic algorithms. Passionate about learning and building impactful solutions.

## PROFESSIONAL EXPERIENCE

---

### SecureUp

Jan 2025 - Present

#### Software Development Intern

Contributing to coding, designing, and testing of applications/software. Maintaining proper documentation and ensuring timely completion of assigned tasks. Submitting daily reports and collaborating with the team to achieve project objectives. Ensuring confidentiality of company data and adhering to compliance policies. Gaining hands-on experience in software development practices and professional work ethics.

## PROJECTS

---

### Dynamics Properties

2025

Technology : Java, Spring Boot, JSP, Servlets, MySQL, HTML/CSS, Bootstrap ,Postman

Developed a dynamic web-based real estate management system that enables property listing, customer-agent interactions, and CRUD operations. Implemented core modules for managing properties, customers, agents, lease agreements, and transactions using DAO and MVC architecture. Integrated JSP and Servlets to perform Create, Read, Update, and Delete operations for real-time data management. Designed responsive UI with Bootstrap and ensured secure form validations. Utilized MySQL for database storage and used JDBC for backend connectivity. Enabled session-based login authentication for admin, customer, and agent roles

### Student Attendance Management System – Android Application

2024

Technologies: Java, XML, Android Studio, Firebase/MySQL

Designed and developed an Android-based attendance management system to streamline attendance tracking in educational institutions. Implemented role-based login for administrators, teachers, and students with secure access control. Enabled real-time attendance marking, updating, and generation of detailed attendance reports. Created a user-friendly interface using XML layouts with intuitive navigation and clean UI design. Integrated Firebase/MySQL for secure, cloud-based storage and real-time data synchronization. Developed modules for adding/viewing students, faculty, and subjects, as well as department-wise and individual attendance reports.

## EDUCATION

---

### MITWPU Pune

Aug 2023 - Jul 2025

Master of Computer Applications - MCA

### B.J college of Art, Commerce Science Ale

Jun 2020 - May 2023

Bachelor of Computer Applications - BCA

## SKILLS

---

Java, Python, C, C++ Springboot, Microservices, Postman, GitHub, MySQL, Oracle SQL, HTML, CSS, JSP, Servlets

## CERTIFICATIONS

---

- Java Certification - SevenMentor Training Institute
- C & C++ Certification - SevenMentor Training Institute
- SQL Certification - SevenMentor Training Institute
- Python Certification - LinkedIn Certification
- Master in microservices in springboot,Docker, Kubernetes
